INCLUSION THROUGH COLLABORATION

ASAPD IS A UNITED FORCE THAT IS AMPLIFYING OPPORTUNITIES AND EMPOWERING INCLUSIVITY FOR PEOPLE IN SPORT AND RECREATION.

The Australian Sporting Alliance for People with a Disability (ASAPD) collaborates, advocates, and facilitates inclusive sport and physical activity for people with a disability, impairment, or limitation.

Our vision is that all Australians have an opportunity to engage in sport and active recreation in a welcoming and inclusive environment. We **collaborate**, **advocate**, and **facilitate** inclusive sport and active recreation for people with a disability, impairment, or limitation.

Our inaugural industry forum brings together leaders, innovators and change-makers to shape the future of inclusive sport.

The inaugural ASAPD Forum is a breakthrough event that brings together the most passionate advocates in Australian disability sport.

The forum provides an exclusive opportunity to connect to industry professionals from all sectors of disability sport – fostering new partnerships and collaborations to drive real change and impact. Learn the latest insights, best practices and emerging trends, helping everyone from grassroots clubs to high-performance programs become more inclusive.

Over 11 engaging segments featuring 19 dynamic speakers, the forum is designed to inspire, educate and connect. With authentic voices and lived experiences at the heart of every conversation – this forum is designed to spark real change for inclusive sport.

Supported by major partners and sponsors, the ASAPD Forum is more than just an event—it's a movement to increase visibility, drive professional development, and create a lasting impact on inclusive sport in Australia.
